Part III DETAILED ACTION

Reissue Applications

Preliminary amendment filed on 11-30-2001 has been entered.

Election/Restriction

Claims 15-59 have been canceled by applicant in response to the restriction requirement filed on 2-19-03. Election was made without traverse in Paper No. 7.

The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

Since the applicant has canceled all newly added claims (15-59) and only original claims 1-14 remains in this reissue application, and since no amendment has been made to original claims 1-14, the issue of “error” and “443 patent being inoperative” mentioned in the declaration in fact have not been treated by the amendment.

Art Unit: 2655

Claims 1-14 are rejected as being based upon a defective reissue Declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the Declaration is set forth in the discussion above in this Office action.

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

Concerning "Restriction and Election of Species" of Reissue application, please refer to 37 CFR 1.176(b), with respect to the Examiner's next office action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
